

Sanger West Football 2022

We are the first of all future teams that will call themselves Sanger West Football

As the first, we have high standards, the records we set will be hard to break
and teams that follow us will have big shoes to fill

As our program builds it's legacy, we will be known as
the rebar and the concrete,
the foundation,
the first bricks

We are the blueprint,
the road map,
the formula,
the recipe

There are more than 8 billion people on the planet. Less than 100 will be able to say
they served as members of the very first Sanger West Football team

We are that 100
We always give 100
We keep it 100
We are Sanger West Football!

CHAMPION'S CREED

**We believe we have what it takes to win or that we can train to gain
what it takes to win**

**We know why we are on this mission and we consistently remind
ourselves why the work we put in matters**

**We understand growth happens outside our comfort zone
and we choose to be uncomfortable**

**We know the difference between trying and committing and we
choose to commit**

We focus on the results we want, NOT those we don't want

We give our best at all times

We learn from our mistakes

We do our part to exceed team goals

We follow our Coach's plays

We do more than our Coaches ask of us

We train within when we're without

We let our results do the talking

We are grateful for every opportunity to grow

We lead by example

We Are Champions!
